

Ohm Laboratories - Process Suite Lab Phase V & VI New Brunswick, New Jersey

CLIENT/OWNER:

Ohm Laboratories

SCOPE OF WORK:

Process Piping/Plumbing/HVAC

BUILDING TYPE:

Manufacturing Plant

PROJECT VALUE:

\$4,750,000

CONTRACT WITH:

Owner

Ohm manufactures and distributes its own brand of over-the-counter products for colds, coughs and allergies, as well as analgesics.

This schedule-driven project consisted of the addition of two production suites to an existing and operating manufacturing plant. Rigging for three chillers and eight air handlers was completed.

Armistead's work on this project utilized high-purity stainless steel piping, prefabricated in our own fabrication shops.
